

Welcome

Newbridge Academy offers a unique educational experience unlike any other in Atlantic Canada. Our remarkable growth, beginning with 28 students and now exceeding 300, can be attributed to our combination of meaningful academics and rigorous physical activity.

Students at Newbridge Academy are challenged with enhanced curriculum and technological integration. Our licensed teachers hold high expectations of our student body, placing an emphasis on leadership, collaboration, and accountability. Newbridge Academy fosters a culture where students feel safe, supported, and encouraged in their classroom.

Our academic programs encourage students to think, create, explore, play and learn. In addition, athletics is blended into our daily routine to enhance student opportunities and maintain a healthy lifestyle. Newbridge Academy students benefit from small class sizes, specific athletic programming, modern technologies, and leadership programs. Our integration of enriched academics and athletic excellence aids in the evolution of well-rounded, independent learners who strive to reach their full potential in all endeavours.
