

Hockey

The Newbridge Academy Hockey Program is a proven training model for player development. Our developmental model has a proven track record of providing an opportunity for student-athletes to build strong foundational skills, showing them how to apply these skills in Individual Tactical and Team Tactical situations, while at the same time developing the student-athletes Hockey IQ.

Varsity Hockey

The goal of the program is to create a unique learning and training environment for elite-level student-athletes who are looking to combine academics and athletics to pursue Canada Winter Games, Hockey Canada Female and Male HP Stream, and post-secondary opportunities in Canada (CIS) and the US (NCAA).
